

## CVPS Sports Premium Impact Review (2020-2021)

Total number of pupils on role	204
Sports premium and deferred payment (2019-2020)	Total £26,159.77

### Impact summary of Sport Premium funding 2020-2021

Overall aims of spend;

- Raise overall participation in sport at CVPS
- Develop knowledge and understanding of all teaching staff (teachers and assistant teachers) to deliver high quality PE lessons at CVPS
- Establish links with external sporting providers including the local sports partnership in order to enhance the current provision at CVPS
- Continue the excellent offer of swimming provision for Upper KS2 children.
- To implement extra curricular club opportunities for Key Stage 2 children.
- Provide support for pupils to re-engage with sports and healthy lifestyles following a period of lockdown

### Outline of Sports Premium spending in 2020-2021

Aims	Cost	Objective	Impact
To raise overall participation in games and sport at CVPS	<p><b>Playground sport bags X7 (R - Year 6)</b></p> <p><b>Tennis equipment</b></p>	<p>To improve pupils' physical activity levels at break and lunchtimes and to implement Sports Playground leaders.</p> <p>To ensure sports equipment is available and accessible to every class in school.</p>	<p><b>Autumn term</b> The staff rota has been implemented to encourage games and sports at playtimes and lunchtimes. Each class received a Playtime sports equipment bag at the start of the year to encourage physical activity at playtime and to ensure Covid safety. Resources and ideas were shared with staff from the PE Coordinator about how this equipment could be implemented into break and lunchtime play. Children showed much enthusiasm when using the equipment and demonstrated some of the core beliefs we practise (respect, honesty, team work)</p> <p><b>Spring term</b> <b>School Closure January 4th 2021 - March 8th 2021. Key worker children only in school.</b> During the school closure CVPS implemented daily physical tasks and challenges which were set online. Each class shared the success of these tasks with families online to promote physical activity at home. Mental health sessions were also a regular topic of discussion during remote learning to ensure children had adequate breaks from their screens in the outdoors.</p> <p><b>Summer term</b> Year 5 participated in a Hoops for Health Basketball virtual workshop. The workshop educated the class about a healthy lifestyle, fitness and Basketball skills. A football rota was implemented across Key Stage 2 to assign each class to the new football pitch/ football goals each day to promote physical activity and team work at playtime. Our transition topic is 'What makes the best/perfect sports person?'. Each class focussed on a different sporting area including team games, Rugby, Athletics, Track and Field, Tennis, Outdoor adventure sports and Volleyball. An additional football club was offered after school which also supported engagement and healthier lifestyles - see below.</p>
To promote daily physical activity	£0	To improve the physical, social, emotional and mental health and wellbeing of our children – regardless of age, ability or personal circumstances.	The Daily Mile initiative was implemented across the whole school from Year 1 to Year 6. Each class was allocated a 20 minutes time slot to use the school field for this session. This whole school initiative had a huge impact on the majority of children's enjoyment for running and keeping active. Children were encouraged to record their personal best scores each day and improve their time week by week. The core values of passion, self belief and determination are demonstrated daily. Due to the success of this initiative we plan to install a running track later this year to allow easier running in all weathers.
To promote a healthy lifestyle	<p><b>Moki wristbands - 2 class sets of 34 and 2 readers - £1,345 (10% discount) £1,209.60</b></p>	To track fitness levels during daily physical activity and develop and understanding of a healthy lifestyle	Due to the positive impact that the Daily Mile initiative has had across school, fitness wristbands have been purchased for Upper Key Stage 2 children to track and monitor their fitness levels. These devices will be introduced in transition weeks, linking to our sports themed topic and carried through into September. Children will set personal targets at the start of September 2021 and monitor their personal progress each week.

To deliver extra curricular provision in Key Stage 2	<b>Footballs x18 £99</b>  <b>Football pumps x3 £18.24</b>  <b>6ft Football goals x2 £556.65</b>	To deliver an extra curricular Football club in Summer 2 to Year 5 and 6 children  To engage girls into Football	24 children (16 boys and 8 girls) from Year 5 and Year 6 attended the Summer Football club. This was a very popular club and spaces were booked within a few days. Some children who attended were part of clubs outside of school, but certain children were targeted to offer the opportunity. As a result of hosting this club 3 Year 5 girls have joined a football team outside of school.
To continue the excellent offer of swimming provision for Upper KS2 children.	<b>Statutory</b>	For Year 5 children to achieve their 25 metre swimming badge	15 Year 5 children attended swimming sessions at Astley Community High School during Summer 2, when COVID restrictions eased. The private swimming coach delivered hour-long lessons once a week and the children made excellent progress in a short space of time. 2 children achieved 25 metres, 4 children achieved 20 metres and 7 children achieved 10 metres in 4 weeks of tuition. More time is required in the pool, which will be an objective next academic year. We have secured weekly Tuesday slots at Astley High from September 2021.
			<b>As a result of the coronavirus (COVID-19) outbreak, the Department for Education took steps to relax the ring-fencing arrangements for the PE and sport premium in the 2019 to 2020 academic year to allow any unspent grant to be carried forward into the 2020 to 2021 academic year and to be carried forward again to 2021-2022.</b> <a href="https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools">https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools</a>

#### Planning statement (2021-2022)

##### Proposals for 2021-22 include:

##### Resources

- Outdoor gym equipment to be installed outdoors (8 pieces that allow up to 16 children to use) both during PE and outside of PE lessons at break time, lunchtimes as well as after school. (This equipment also to be shared by other community groups TBC)
- An active mile track to be installed onto the school field will allow the other half of the class to develop personal best running times during PE.
- Y5/6 use of their Moki watches to track their health and fitness personally and to introduce some element of healthy competition.

##### Virtual Competitions through the Cramlington School Games

- Year 3/4 Gymnastics
- Year 3/4 Tri Golf
- Year 3/4 Rugby
- Year 3/4 Athletics
- Year 4 Tennis
- Year 5 Football
- Year 5 Athletics
- Year 6 Netball
- Year 6 Hockey

##### Coaching

- Book coaching opportunities and tasting sessions for all classes across the year (Newcastle Thunders, Muay Thai)

##### Swimming

- Weekly Swimming provision for Upper KS2 children at Astley Community High School

##### Leadership

- Sport leader training for Year 5/6 pupils with leadership opportunities.

##### School events

- Sports Day - Summer Term
